

## ■ ICM's Vander Griend named a 'Big Thinker'

KansasBio has named Dave Vander Griend one of its seven "Big Thinkers," people who have contributed to bio-science research, commercialization, policy, industry growth and expansion in Kansas.

**Vander Griend**

Vander Griend is chief executive and president of Colwich-based ICM Inc.

"Big Thinkers" are part of the Kansas strategy to showcase its historical strengths and new innovations during BIO 2007, the world's largest bio-science convention, May 6-9 in Boston.
